ISSUE 9 EDITORIAL

Hello, and welcome to issue 9 of Last Chance,I hope that you like the articles in this issue.
You would probably have noticed if you are a regular reader of Last Chance that it is once again out late.
So instead of making excuses like I have done in the past,I will just say that because of the workload that Last Chance will now be a quarterly zine rather than bi-monthly.
Now,I don't really want to do this cos I think that it does leave a big space in between issues but it has become quite difficult to get it done on time,what with all the other things going on at the same time.
On saying all of that there is also a few points that I would like to make,if you didn't already gather,Last Chance has now merged with United Forces zine to make a slightly bigger zine.Last Chance incorporating United Forces will be a minimum of 28 pages long and more often than not will be more than that.
It will contain all of the normal Last Chance articles as well as some of the United Forces ones and also Scott who is the old editor of UF will still be doing a few bits and pieces for it.
Right,in this issue you will find a new feature called United Front which is a bit like SSF but only Oi/Skinhead not political.
If you have any news for that write to the address at the top of the page.In issue 10 of LC inc.UF there will also be a crossword on the United Front pages.
To go with the new merger is a new look front cover,gone are the old logo with the thunderbolt and now you've got the new logo of a rather evil looking skinhead.Our thanks go out to Cedric from France who drew both the front cover again and designed the logo.

A couple of new features that I want to try and introduce to the zine- firstly we have put in a messages/personal column,so if you've got any messages,apologies,congratulations,announcements or absolutely anything,just send them in and I'll see what I can do.
Secondly, we have a new feature which i have also tried to introduce in this issue which is the embarrassing photo page.If you have got a real dodgy photo of one of your mates or anyone you know or even of a band member,just send it in to the embarrassing photo page and we'll shove one in each issue,and there is a free copy of the particular issue to the sender of the published photo.It can be a stupid face,dodgy item of clothing or just that real bad photo that was taken at the wrong moment.I've combined this issues embarrassing photo with the poster on the back page which is of Jonesy.But normally it will just appear in the zine,not on the back page.
So get snapping and send them in.....

Anyway,gotta go, Enjoy the Zine

Falcone off to the Smoke

A YOUNG Wiltshire boxer has just been awarded his professional licence by the British Boxing Board of Control.

Tony Falcone, above, has joined the stable of Dennie Mancini and now finds himself rubbing shoulders with some of the major names in British boxing.

He has already sparred with world bantamweight title contender Billy Hardy at Mancini's West London gym and hopes to move to the capital for the start of the boxing season in September.

Chippenham-born Falcone, 23, took up the sport six years when he joined the Malmesbury Amateur Boxing Club.

Explaining his decision to join Dennie Mancini, the explosive featherweight said: "Professional boxing in this country is centred around London and it is necessary to have a base there to be at the heart of the action.

"Being part of a successful and established stable, which in addition to Billy Hardy also includes who is prominent in both the European and world welterweight rankings, is necessary if you want to make a name for yourself."

Tony Stannard, Falcone's coach during his distinguished amateur career, believes the Chippenham boxer can make the grade at the top level.

"I am confident he will do equally well in the paid ranks because he possesses the necessary determination to make the grade in the tough world of professional boxing," he said.

USEFUL OPENER – Chippenham's explosive feather-weight Tony Falcone.

Tony Falcone

In the search for new and different interesting articles to write features within the pages of Last Chance,I came across the professional feather-weight boxer Tony Falcone.
Tony is a skinhead and actually sings for the new South London Oi band called the Straw Dogs.
Anyway I thought that an interview was in hand so armed with my trusty tape recorder I went round to deepest SE London around none-other than Paxo of Thunor Services fame (?) house (I promised him a mention cos he kept whining about it all night) I conducted this interview.....

LC When and why did you start boxing ?
TF I started boxing when I was 17,I wanted to start before but our nearest club was 10 miles away and I couldn't get the transport down there.I started boxing basically cos I've always wanted to do it

LC How old are you now ?
TF I'm 24

LC Obviously you started as an amateur can you tell us about your fight record etc.?
TF I have had 40 amateur fights in England and I have had 5 amateur fights in Italy (Tony is actually Italian).I've won about 35 losing 10.I've won the western counties ABA championships 2 years running.

LC When did you turn professional ?
TF I turned pro in September 1990.

LC Your originally from Chippenham in Wiltshire,why did you decide to come to London to box ?
TF Because London is the place to be in boxing,if you want to get anywhere in boxing London is where you've got to be based.

LC What is your fight record since you have turned pro ?
TF I've had 5 bouts but only won 2,all of the ones that I lost were on points and were all very close decisions.I've never been knocked out.

LC Do you find that you get any hassle or prejudice for being a skinhead in boxing ?
TF No,not at all,if anything its the opposite because skinheads and boxing have always been a close thing,almost like a tradition.

LC What were your best fights (amateur and pro) ?
TF Well the best amateur fight was with a kid called Mark Bowers who is ranked as the best prospect as an amateur,I lost that one but it was still the best amateur fight that I had,my best pro fight was the one I lost the week before last (Tony has since had a re-match and won!),it was televised live on Sky TV!

LC What is your ultimate ambition in boxing ?
TF At the moment I'm only doing 6 two minute rounds,but hopefully next year I'll do full longer rounds and become a full professional,my ultimate ambition is to win the British title "The Lonsdale Belt".

LC What is your training schedule ?
TF I train Tuesday,Wednesday,Friday,Sunday in the gym,then on Monday,Thursday and Saturday I do a 6 mile run.All this in addition to my full time job of being a bricklayer.

LC What sort of music are you into ?
TF I like all of the old Oi bands like the 4Skins,Rejects and Last Resort,and I also like alot of the newer bands that are still about.

LC What are your other hobbies ?
TF Well,I sing for a band.

LC Oh yeah,you were dying for me to ask you about that and I clean forgot,what sort of band is it and what are your influences ?
TF Well,we're basically an Oi band and we should be getting on the road pretty soon.
I also follow Leeds Utd whenever I can.

LC Erm,I think I'm gonna have to resort to those shitty typical fanzine questions like....How long have you been a skinhead ?
TF About 11 years now.

LC Due to my limited knowledge on boxing I'm seeking the assistance of J and Paxo for questions now,and they have just come up with..Who is your boxing idol ? (which is a damn sight better than my last question)
TF Its gotta be Rocky Marsiano .

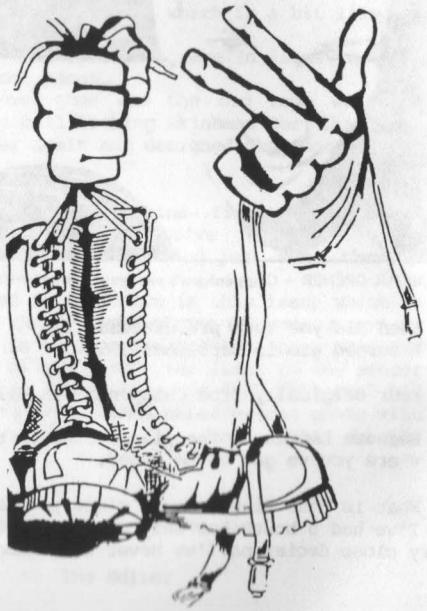
LC What is your ranking in Britain ?
TF After my first fight I was ranked 48th and after my last fight I'm ranked about 35th.

LC What are your views on the anti-boxing lobby ?
TF Basically no-one is forced to go in the ring and its entirely up to the individual,so basically i don't really see what it has got to do with them.Its our choice,and we know the risks.

LC As we bring this interview to a close,is there anything you would like to say to Last Chance readers or any messages to pass on to friends ?
TF I'd like to thank Rob and Jackie for putting me up in London,I'd also like to thank all the Chippenham skinheads for coming to my amateur fights and anyone else who knows me.

Last Chance would like to thank Tony for his time in doing this interview, and we would also like to wish him the best of luck with his boxing career.....

CHEERS !



BE WARNED !?

This is a one of article which was written by Chad.
If you don't know who Chad is or if you don't know the story behind him,I am just about to explain all.
Chad was the editor of "Pride of the North" fanzine which was based in Cumbria.
Early last year he was arrested for inciting racial hatred because of some of the things that he tried to print in his zine (I say tried because it was his printer who grassed him up !). He is currently in prison in Co. Durham serving a 3 year sentence.
Anyway I thought that as a warning to fellow fanzine writers and just out of interest I would print his story in Last Chance.
It makes interesting if not worrying reading.
Take it away Chad.....

"Well,thanx to Alex and his kind gesture,he has actually allowed me to print the circumstances surrounding the fate of POTN skinzine.
As many of you will already know I got sent down in June last year (1990) I got a sentence of 8 months for the charge of inciting racial hatred.I spent most of my sentence in Stoke Heath.
After 4 months I was released,enjoying freedom of little more of a mere 2 weeks !
I was re-arrested for a further charge of the same offence and placed on remand at Hindley gaol in Wigan.
This second arrest came about after the police were informed of my activities in getting some "racist" leaflets printed up,and also during the search of my premises they also found typed up pages linking me with POTN.
After obtaining substantial evidence I was charged again and went up in front of the judge and a member of the race relations board,I was sentenced to 18 months with a further 18 months to run concurrently.The reason that this sentence was very heavy was because according to the judge I didn't learn my lesson the first time.
The circumstances now are that I may be released on parole in June and if I am refused I am due out in December.
However on my release I still intend to release further copies of a skinzine of one form or another.
The zine POTN will no longer function but taking its place will be a new zine called "Through the Darkness",this all depends if I can get a reliable printer.
Anyway that just about sums up the fate of POTN,already I've heard of similar circumstances awaiting court cases for the same thing.Do you remember that West Country Tory MP who said a naughty N word,well he is facing charges too.
To conclude this article I would like to say ask this question,"WHAT THE HELL HAS HAPPENED TO FREEDOM OF SPEECH ?"
If you need to know more information about me and the zines you can contact me through Last Chance.
I'd just like again to say thank you to Alex for giving me the chance to explain my situation,Cheers mate I owe you one....." Chad.

PIX PAGE

Due to popular demand,I have now extended the photo page so it is now gonna be 2 pages in every issue.I didn't really want to do this cos in my opinion photos are a bit of a waste of space and the space could used for other informative articles,but I've had to bow down to pressure from readers. THE STORY SO FAR.....

P.O.BOX 534,CHELMSFORD,ESSEX,CM1 2RN

It seems that it wasn't five minutes ago when I sat down at this typewriter (thats cos it was only five minutes ago that I was typing issue 9 of Last Chance !)
Seriously though,things have been really busy the last few months,theres been quite a few gigs,a few parties and there is also quite a lot of records that have been released recently.
Anyway enough of this I hear you cry... Get on with it,which is what I am about to do.

GREEK HOLIDAY

This year,if you are at a short straw for a summer holiday why don't you take a trip down to the Greek island of Ios.
Apparently every year between the 20th July and the 10th August the island is literately taken over by skinheads.
All the Greek skins go there for their hols all at once and apparently theres a lot of skinheads from all over Europe who go out there too.
Alas none from the UK.
If you quite fancy the idea drop John Ladopoulos a line at the address at the bottom of this paragraph,for details.Or phone him on Athens 01/5223200.The address to write to is John Ladopoulos,Marni 56,10547 Athens,Greece.
From what I can make out he can speak good English and writes even better.

UNITED FORCES MERGES

The fanzine United Forces is no longer going in the same format.Scott the editor has decided to give it up and start up a new political zine called Hail.
But that is not the end on United Forces totally,because it has now been decided to merge it with Last Chance fanzine to make one bigger zine which will start off by being called "Last Chance incorporating United Forces"(imaginative title eh?).
Anyway the first issue of the new style zine will be out in early July.It will be issue 9 (as that was the next issue of Last Chance).
So if you want to get in touch with either of those fanzines get in touch with them at the Last Chance address (SSF address) as they are now one and the same.
If you understood that you'd understand anything.
As i mentioned earlier,Scott the old editor of UF has started a political zine called "Hail".It is nationalist / NS based and can be obtained from..Hail,PO Box 18,Stockton on Tees,Cleveland,TS19 9YX.It is already on issue 2 and is 50p & SAE or 70p inc postage.
Scott will still be operating his mail order service but now under a different name.Hail...The Order service.
So now you know !

BATTLE ZONE

There has been a fair old bit going on with Battle zone recently.At long last their debut LP is out.Is called "Nowhere to Hide" it is out on Rebelles Europeens label.
Also they have now gone and got themselves another drummer,but this time they are sure that he is permanent.His name is Jim and although he lives a fair old distance from Chelmsford (Jims from Northampton) it doesn't pose a problem.
Jim is Battle Zones fifth drummer in 2 years.But he is the first skinhead drummer that Battle zone have had.
Anyway if you want a copy of the new LP its available for £7-99 UK. £8-99 Europe and £9-99 R.O.W. inc p+p. You can pay in your own currency of the equivalent amount.
Send your orders to PO Box 534,Chelmsford,Essex,CM1 2RN,England.Cheques payable to Battle Zone.

ALL THE REST

As there is quite a bit again I'm leaving a whole page for all the titbits.
Did you know that so soon after they announced their split that Condemned 84 have reformed,but unfortunately they have only reformed as a studio band.They have no intention of playing any gigs at all but they will be recording new material,they have struck a deal with Rock O Rama to release there previous stuff on CD and they will also be releasing new material soon.If anybody wants more info on Condemned 84 drop Kev a line at their normal address.
A bit more news on the No Remorse front,last issue of SSF extra in Last Chance I mentioned that Mark had left No Remorse,well this at that time was not true,but after playing one more gig with No Remorse in Sydenham,but after this gig he decided to call it a day.
So No Remorse are now back to a 4 piece band.
Paul there singer is also hoping to record a solo LP.
No Remorse are in the studio at the moment to record their fifth LP,I went to watch them record and I liked what I heard a lot,in my personal view its the best thing since See You In Valhalla LP,unfortunately I do not know the title of the new LP,but it should be out this year.
Irish band Celtic Dawn have been suffering with there line up lately,but they have gone and found themselves an additional guitarist to make their band a five piece,apparently.(and I'm not sure if I was supposed to report this) Dodger their bassist has gone a bit funny and turned casual and won't play any more gigs etc.Looks like they could do with another bassist !
Chad the infamous editor of Pride of the North fanzine is out on parole from his 3 year sentence for inciting racial hatred.He was sent down because of some of the articles that he tried to print in his zine.Issue 9 of Last Chance has got a short article written by him.Anyway he is hoping to write another fanzine called Through the darkness.
I recently popped up a few hundred miles to visit Kev Turner at HMP Acklington,he seems in relatively good humour (as good as you'd expect for a prison) and he should be out in September.
Last Chance zine is releasing a double gatefold compilation LP which will feature 4 songs from 6 bands,all the bands will be British for this first volume of the Last Chance compilation but if the idea goes well they'll be more volumes.It is being done with the collaboration of Gael Bodilis of Rebelles Europeens.
Very soon it won't be half as hard to buy Rebelles records in the UK cos at the moment they are a bit difficult to get hold of,well Rebelles are hopefully gonna strike a deal with Groove Records in Poole so he can sort out UK distribution.Also very soon there will be a splinter label off of Rebelles which will work with them but have a different name and it will handle all of the British bands on RE.So basically there will be a British Rebelles Europeen branch with its own name and it'll release and produce records as well as sell them.
I'll keep you posted on that.New releases,Grade Ones debut single is now out and is available for £2-50 inc p+p from,Grade One,Avalon,Station Road,Longstanton,Cambs,CB4 5DS.
The new Public Enemy LP is also out its called "Our Weapon is Truth" and is available from the normal No Remorse/Truth at Last address.Its pretty good too,and a bit hot on the lyrics.
What other releases are there I hear you cry !
Well I can imagine hearing you cry ! So,alright I've got a vivid imagination!Anyway I'm gonna tell you whether you wanna hear or not.
Having a Laugh Records (Italy) have released a compilation LP called "Oi Siamo Ancora Qui" which basically translates to "Oi we are still here" I think,anyway its a good LP in the old style of the Sounds LP like Oi the Album etc. but the only difference is that all of the bands are Italian.Its got an inlay sheet which has interview with all the bands along with the lyrics to the songs on the LP.And the other side of the inlay sheet has been translated into Inglesi (Inglesi means "English" in Italian probably).Although some of the songs are a little bit basic others are good,but all in Italian.Its a well produced LP and very much in the spirit of Oi.
There is another new live venue but this time in the Northampton area,there has already been quite a few gigs held there and there looks like there will be a few more,so if you are a band and you are interested in playing in Northampton just drop me a line and I'll put you in touch with the promoter.
Lo and Behold ! the next issue of Blood & Honour is actually ready to come out,it should actually be out before this is.But it is definitely all finished and it is at the printers as I speak.
So i don't want anyone to cry "rip off" no more cos if you knew the reasons for the delay you wouldn't be so abrupt.So all subscribers you'll get your copy soon.

COMANDO SUICIDA

INTERVIEW

Well,this is a very interesting interview,its from a band from Argentina.The skinhead scene is just forming out there and there already is a couple of bands.
They have actually got songs out on vinyl and to be quite honest (as I always am) they are really good,obviously they sing in their native tongue (Spanish).They even do a version of the 4Skins Chaos.
Anyway I'll let them get on with their interview.Cheers to Sergito for answering my questions.

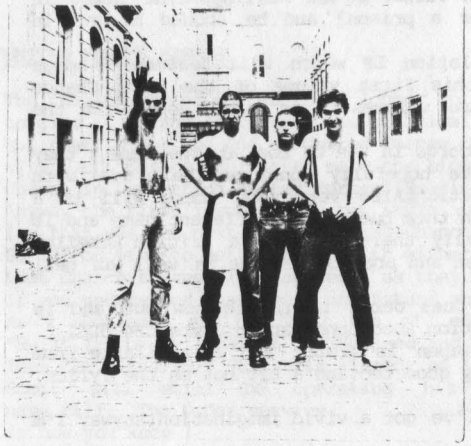
LC Could you give me a brief history of the band ?
CS We formed back in 1984.We were the first Oi group in Argentina.Actually there are five members in the band.

LC Are Comando Suicida a political band ?
CS We are nationalists,not reds,but we don't want to be used by politics,they're bullshit.

LC Which musical influences do you take ?
CS Decibelios,4Skins,Skrewdriver,Cockney Rejects,Sham 69,Nabat and Cock Sparrer.

LC Give me some of the subjects that you sing about ?
CS About social problems in South America and the life of working class boys.

LC What is the skinhead scene like in your country ?
CS The scene is quite good, there are about 100 of us in Buenos Aires and they are strong and hard.



Comando Suicida a 1986 line up

LC Are there any other skinhead bands in Argentina and do you keep in contact with them ?
CS There is only one other band of Oi music and they are our friends,but they do try and copy our style.

LC Have you played many gigs ?
CS We've played a lot of shows since 1984 with other groups,Punk,Hardcore and Thrash we also played with some Ska bands in 1988.

LC What are the bands main ambitions ?
CS Our ambitions are to know Europe and to travel to England,Germany,Belgium and Spain.

LC Have you made any recordings ?
CS We have two records,the first was recorded in 1987 and we sold 1500 copies of this in one week! The name of this EP was "A1 K.O" and it received good reviews in America in "Maximum Rock n Roll" magazine.We received a lot of letters asking about us because of this single.We have a lot of fans in Germany and they want us to release this EP again in Europe.In 1988 we recorded two songs for a compilation LP called "Invasion 88" the two songs were called "Ultimo Recurso" (Last Resort) and "El Guacho Pulenta"(god knows what that means it ain't in my Spanish dictionary!).

LC What are your views on the Falkland Islands ?
CS General Galtieri thought that if he won a war against England he'll obtain the power for ever.But he was wrong because Argentina hadn't the sufficient military power (only a very good air force) to win a war against England.
Geographically the islands are in our territory but we have actually got a lot more real problems like unemployment and the economy so we don't really think of the Falklands as there are things more important to us.

LC As we now bring this interview to an end,is there anything else that you would like to say to Last Chance readers ?
CS A great salute to all Last Chance readers and we wish that we could play for them.
CHEERS BLOOD & HONOUR!

P.S If some day we visit England we want to play a football match,Do you accept ?

Last Chance would like to thank Sergito and the Buenos Aires skins for the interview.

UPDATE

This issues Update feature is on the Oi band Close Shave,they were featured in issue of 2 of Last Chance which was a few years ago now,obviously as it was a long time ago,there has been alot of changes.
I'll let Lurch the now singer answer a few questions....

CLOSE SHAVE

LC I understand that Fluff your singer is no longer your singer,can you explain what happened there ?
CS Fluff has left the band just before Christmas 1990,but to be honest his reasons are still a mystery to us.He just got bored with the scene and couldn't be bothered any more,so fairs fair he upped and went.(and rumours about me and him having a fight are totally stupid and absurd).It was probably the beans!

LC So what does the new line up consist of ?
CS NEIL (LURCH)-Vocals,SYD the manager-Bass,STE humdinger STIX-Drums and DIRK fingers Malone-Guitars.

LC Have Close Shave recorded at all with the new line up ?
CS Yes,one 7" single on S.P.E records entitled "Keep on Rockin" and the B side is called "Eh up mother wheres me Bovril ?"(Ed. I think they mean "Stand by my Side")

LC Have the bands aims or direction changed at all?
CS The bands aim is exactly the same as it always has been,nothing has changed,except that we are better than anyone else at the mo.

LC What are your plans for the immediate future ?
CS The immediate future...well,I'll write out this interview,then I'm going to bed.
Who knows ? perhaps some tracks on this compilation LP thingy (Last Chance comp),another blockbuster LP and more gigs abroad,(with loads of beans).

LC Are you happy with your previous recordings ?
LC As a band we're happy with the LPs,but personally I've gone off them.We need a few more chanty songs and a few mad fuckers.Its not true about the beans it wasn't my fault.

LC Will you be releasing anything else on Link Records ?
CS Probably not,They've said they're phasing out all vinyl and going to CD,we've been in touch with them but they seem dubious about dealing with us due to certain factors.

LC Anything else to add ?
CS All rumours about us dressing up as bananas and hitting blacks over the head with hammers are totally without base,and its not true about the beans!!!!!
KEEP ON ROCKING

THE THIRD AND FINAL PART IN A SERIES OF FRANK INTERVIEWS WITH THE ONE AND ONLY (no,not Chesney Hawkes) PAUL BURNLEY OF .....

NO REMORSE

Well here we have it,the third and final part to the enthralling Paul Burnley interviews. I bet you have got no idea why I've called it what I've called it this time?Well you shouldn't have cos to be quite honest,nor have I,I just thought that it would sound good. But I suppose we could run a competition for our readers,what a good idea,if you think that you can suss out what the fuck I am on about you could win yourself a brand spanking new top of the range "Electric Whelk Bucket".Just jot on a post card in no more than 12 words what the hell you think that I am going on about and send it to,What the fuck are you going on about,c/o Last Chance PO Box999,Cloud cuckoo Land,Somewhere, P45 UB40.
Any way,I do apologise for that outburst and I will now get on with the interview.
Don't forget that what I say is in CAPITALS and what Paul says is in normal lower case.

ALEX PAUL WHAT IS YOUR ULTIMATE AMBITION IN LIFE ?
Paul Just to be successful and happy in life and to see our country freed from the scum and back into the hands of the people that it should be in.

ALEX WHAT DO YOU THINK IN ODINISM ?
Paul Well i think that there is a lot in Odinism that is good for the cause but when it is taken to the extreme,like dancing around the fire with no clothes on and all that its a bit stupid innit ?

ALEX ARE YOU A RELIGIOUS PERSON ?
Paul No not really,Race is my religion (editor then breaks into a well known No Remorse song of the same name much to the embarrassment of Paul).But I would like to make a point there,because divisions between religions whether it be Catholic Protestant Odinist or anything are just dividing our race and the most important thing now in my opinion is for the future of our race.

No Remorse

READER PLEASE NOTE THAT YOU WILL BEGIN TO NOTICE (AS I JUST HAVE) THAT THESE QUESTIONS FOLLOW NO LOGICAL PATTERN AND ARE ALL OVER THE PLACE,IF I WAS A HALF DECENT INTERVIEWER I WOULD HAVE ASKED SOME FOLLOW UP QUESTIONS AS I HAD IN THE PREVIOUS 2 INTERVIEWS,THE THING IS THIS LAST INTERVIEW WAS CONDUCTED ON A DIFFERENT DATE TO THE OTHER TWO AND BASICALLY CONSISTED OF ALL OF THE QUESTIONS THAT I FORGOT TO ASK PAUL THE FIRST TIME AROUND.SO NOW YOU KNOW WHY ITS SUCH A MISHMASH

ALEX HOW DID YOUR ROCK BAND STORMBRINGER COME ABOUT ?
Paul our old drummer Rob,he was the drummer for it and it was a mate of his at work who was in a rock band we had a chat with him and he said that he'd fancy doing something,so we got together and it all worked out.Apart from Rock O Rama who took more than a year to do any thing and when they do they just put 2 tracks on a compilation,even though we recorded an LPs worth,we'll have to see if an LP comes out of it.

ALEX ANY NEWS OR HINTS ABOUT THE NEW LP ? (NO REMORSE)
Paul Well we've got a few tracks down at the studio (where this interview was conducted) and we'll just have to see how they come out as to whether we scrap them and start again or keep them.

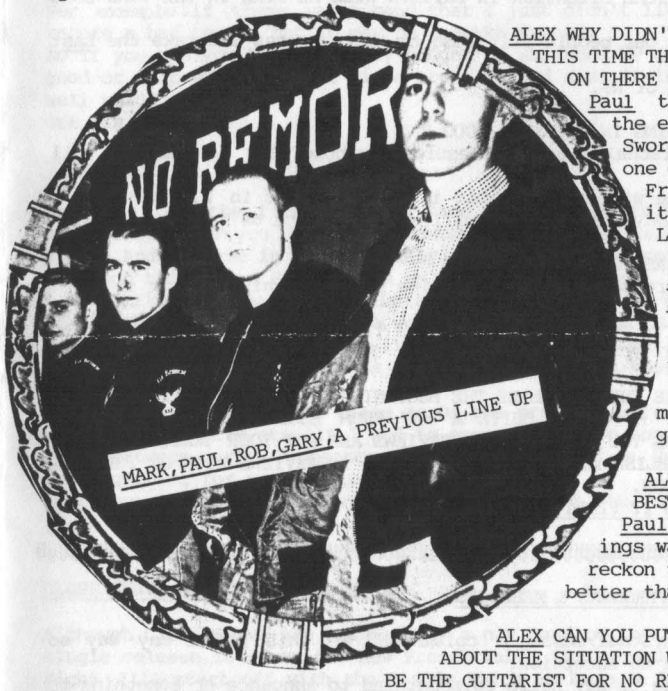
ALEX HAVE YOU GOT ANY IDEA WHAT THE TITLE OF IT WILL BE ?
Paul As yet untitled.

ALEX WHY HAVE YOU GROWN YOUR HAIR INTO A FLATTOP/YOUTH HAIRCUT INSTEAD OF YOUR CROP ?
Paul I've moved on,no I just wanted a change and it don't really matter to me if you've got green hair,blue hair or sticky up hair,its what you think that matters.

ALEX YOU KNOW WHAT I'M GONNA ASK YOU NEXT,ARE YOU STILL A SKINHEAD ?
Paul At heart.

ALEX AND ARE NO REMORSE STILL A SKINHEAD BAND ?
Paul well we're just a white power rock band and we play skinhhead music I suppose.We appeal to skinheads and we want to appeal to every one.

ALEX WHAT ARE YOUR VIEWS ON THE FOLLOWING TWO RECORD COMPANYS ,LINK,AND ROCK O RAMA ?
Paul Well as for link there ain't a lot of views you can have on them really,its just skinhead Oi Oi music and I ain't really that interested in that.As for Rock O Rama I can't really say what I feel about them because I'm still under contract.What I will say is that i think that it is good that they are releasing nationalist records but I don't really agree with the internal runnings of ROR.



ALEX WHY DIDN'T SWORD OF DEFIANCE APPEAR ON THE THIS TIME THE WORLD LP AS IT SAID THAT IT WAS ON THERE ON THE BACK?
Paul there was two master tapes,one with the eleven tracks and the other one with Sword of Defiance,the Sword of Defiance one got lost in the post on the way to France,it turned up later on so it it was released on a Debout compilation LP.

ALEX DO YOU HAVE ANY REGRETS AT ALL ?
Paul Yeah,being here talking to you. No,I dunno really I don't really regret doing anything with the band but there is a few personal regrets I have.I won't say no more but it might have something to do with ex-girlfriend.

ALEX WHAT DO YOU CONSIDER TO BE YOUR BEST ACHIEVEMENT IN LIFE ?
Paul I suppose that one of the best feelings was getting the first LP out and I reckon that going to the States was even better than that.

ALEX CAN YOU PUT LAST CHANCE READERS IN THE CLEAR ABOUT THE SITUATION WITH MARK AND IF HE IS STILL GONNA BE THE GUITARIST FOR NO REMORSE .
Paul When Mark went inside it was reported that when he comes out that he would not rejoin No Remorse,this was not the case at that particular time and he did play for No remorse at one more gig in Sydenham with BattleZone.Anyway after this gig he decided to call it a day as he did'nt feel it was the same as it once was because Rob and Gary had left.I am now the only original member left although Mark was in the band before me.But we've got a good new line up.
I am disappointed that he did leave because we used to work well together,but there are no hard feelings and we're still mates and all that.

ALEX CAN YOU TELL US A BIT ABOUT YOUR NEW BASSIST PETE,HOW DID YOU GET HIM AND ALL THAT ?
Paul He was a mate of my brothers and my brother told him that there might be a place for him in the band so it happened like that.Gary had left the band for much the same reasons as Mark and has moved to Cardiff.
Gary is a really good bloke and a good mate,I've got a lot of time for him.

ALEX WHAT DO YOU THINK THE WORLDWIDE SKINHEAD SCENE WILL BE LIKE IN THE YEAR 2000 ?

It will come more difficult for skinheads,but as long as we stick together then skinheads will survive.
For true skinheads its not just about getting your haircut,its an attitude and a way of life.Nothing to do with being trampy or taking drugs.

RECORD REVIEWS

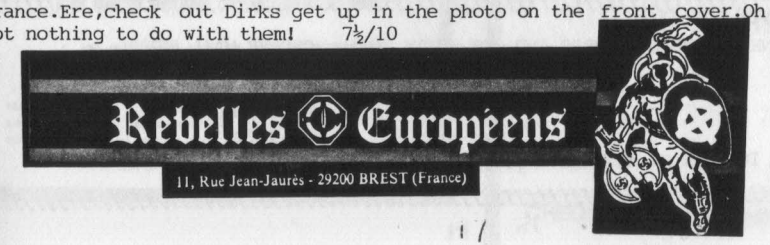
This is a regular feature within the pages of Last Chance as record reviews are a regular features in all zines.
But I don't know if you know this but I don't actually write all of the reviews,I don't always get hold of the records early enough (cos I can't afford them) and i think that it would be better for other people to write a few cos it would give a different opinion other than mine.
For example,if there was a band that I just didn't like full stop,I'd probably give their record a bad review but it may be a pukka record.
So if you,yes you have recently bought a skinhead LP or single and you thought that it was good or crap,write a short piece about it and send it in and I'll try and shove it in.
Well whaddya think ?
Get pen to paper.

GRADE ONE - HAIL THE NEW LAND E.P.

Well this is the first release from the Cambs/Suffolk band and its a very good record especially when you take into consideration its their first experience in a recording studio.And believe it ain't as easy as it looks in a recording studio.
Although this is an EP there is only 2 songs on it,the A side being Hail the New Land .I tell you what give the, vocals a good listening to cos they sound the spitting image of Chubby Chris (Combat 84).There would be no point in me telling you about the subject of this song cos the lyrics to it are on the Lyric Sheet feature in this zine.The B side I personally think is better its called Lets Rock and just sings about Rock against Communism etc.
The music is what I would class as Oi,but probably more 90s Oi rather than the style of the early 80s (rejects etc.)If I had to compare them to anyone else I would compare them with a cross between early Vengeance and Combat 84.Its on Rebelles Europeens and is definitely worth getting for your collection.
Watch out for this band they are just getting on the road and they'll go far. 8/10 AE

CLOSE SHAVE - KEEP ON ROCKIN' EP

Although Close Shave are not exactly a new band on the scene this is in fact their first single release,it is on the new French label SPE records and has got 2 songs on it.
Right I'll start off with the A side which is Keep on Rockin' basically its about what the title says its about just Oi and playing music etc.
It is also the first recording that Close Shave have made since their recent line up change which ended up with Lurch on vocals and without any disrespect to Fluff it sounds a lot better and a lot different,in fact you probably wouldn't think it was the same band.
I thought that this song was good but it wasn't what I expected.
The B-side is called Stand by my Side and is in the same vain as Keep on Rockin',one thing that I did notice about both of these songs was the backing vocals,there is a lot of them in both songs which I think sound good.
Overall I think that this is a good release and a good record and I think that in the future there stuff will improve after all with drastic line up changes like they have had its like a new band all over again.
Still,this ain't supposed to be a bad review of the single cos it is a good disc and definitely recommended.Its just when I read back what I had written it seemed like I was slagging it down,well,I'm not,I'm just rambling.
Its well worth getting and is available from either the band themselves or SPE records in France.Ere,check out Dirks get up in the photo on the front cover.Oh yeah,the beans have got nothing to do with them! 7½/10 AE



BATTLE ZONE - NOWHERE TO HIDE LP.

This is the debut LP from Battle Zone.It shows a steady progression from their previous 2 singles.
It kicks off with their theme song "Battle Zone"I must just say that the whole LP comes across with a very powerful sound,heavy guitar,thumping drumbeat,strong bass lines and the unmistakable sound of Alex's voice.
The second song on side one is called "Victimised"-which I can only say is basically the story of any skinheads life-whatever happens its our fault.
Next up is "England",always popular at gigs,then the next song on side 1 is "Cosmetic Murder" which breaks new ground in a subject until now ignored which is summed up in one of the lines in the song -Don't get us wrong,meat ain't murder but for the sake of make-up we don't need torture-
A new version of "Way of Death" has been recorded but this time with saxophone instead of lead guitar brings side 1 to an end.
Side 2 kicks off with the title song "Nowhere to Hide" which is about a major problem in this country."Rent Boy" is one of the best songs on the LP.How long are we gonna have to put up with this scum ?
"Young,Gifted & White" a nice touch with the Reggae intro.This song should be our anthem.
"Nerves of Steel" another anthem but i don't think that it came across as well as it does when they play it live.But still a good song.
"Skinhead Girl" every skinheads favourite subject,a slightly different song with a rockier feel to it.
Summing up,I think that its obvious that a lot of work has gone into this album and it has paid off.An excellent debut LP and in the same ranks as,or possibly a modern day version of the 4Skins & Last Resort. 9/10 GT

OI SIAMO ANCORA QUI - ITALIAN COMPILATION LP.

This is the first LP release as far as I know on the Italian "Havin' a Laugh Records".Its a good compilation LP with a wide selection of top Italian Oi bands on.
To be honest,when I first saw the cover I almost mistook it fore one of the old Sounds/Gary Bushell Oi compilation albums of the early eighties as its appearance is very similar with all of the bands photos in black and white on the back.
But when you look inside the sleeve of this record you will see that a lot of effort and thought has been put into the production,because as well as finding a piece of vinyl in there you'll also find a massive sheet of paper with an article on the history of Oi in Italy and interviews with all of the bands which appear on it along with the lyrics to the songs.But,don't despair all you non-Italian reading people,cos they've been really thoughtful and translated everything into English.Which I think is a brilliant little touch,imagine the opposite and a British compilation translating everything into Italian,I doubt it somehow!
Anyway I've rattled on enough about the appearance of the record so I'd better start going on a bit about the music.
Obviously it is very much Oi but some of the tracks are a lot better than others,some of the bands on the LP are The Stab,Klasse Kriminale,Rough,Fronte Del Porto,Face the Facts.
The best tracks on the LP are those 2 of Klasse Kriminale,and the worst in my opinion is the Bulldog Skin song which to me was very basic.
In the true spirit of the old Sound Oi albums there is even a piss take song by Magic Manilo L'Herbert.And theres also a Italian cover version of Chaos.
Anyway summing up the LP its definitely worth getting for your collection,although all of the songs are sung in Italian,the lyrics have been translated into English.
This LP proves that Oi music in Italy is far from dying! 8/10 AE

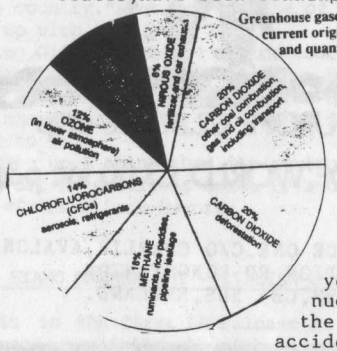
ENVIRONMENTAL CONCERN.

NUCLEAR POWER AND ITS EFFECT ON THE ENVIRONMENT.

The last article dealt with the problem of global warming . Of course the former environment secretary ,Nichlas Ridley had an answer to the prob problem. As you may have guessed coming from him; - "We must concenrate on a massive increase in nuclear generating capacity.He made it cear, that the government and the nuclear Industry are now using to justify and intend to expand the nuclear power programme..

as we all know, the nuclear scientists, the men in their Persil white coates,have been conning the people into believing,that nuclear power is clean,is cheap and is safe,have been most inventive ,when quoting the facts. when using their arguments to justify the use of nuclear power,,they always dodged the issue of savely disposing nuclear waste.A solution to the problem was always just around the corner,- It was always the problem to which an answer would be found tomorrow.-This was the nuclear Scientists optimism 30 years ago,at mankinds expense so it is still today.



Greenhouse gases: current origins and quantities.
6% NITROUS OXIDE
20% CARBON DIOXIDE other coal combustion, gas and oil combustion, including transport
20% CARBON DIOXIDE deforestation
15% METHANE ruminants, rice paddies, pipeline leakage
14% CHLOROFLUOROCARBONS (CFCs) aerosols, refrigerants
7% OZONE (in lower atmosphere) air pollution

As almost every patriotic and national aware; young person knows,the major risks associated with nuclear power,is the radioactive waste problem and the danger of an unforeseen catastrophic nuclear accident.- Imagine,you had visited Chernobyl on Friday April 25th 1986,you would have seen a clean ,safe nuclear plant. A bespectacled, white coated scientist would have assured you - a chanceof a nuclear accident - one in a 100,000 years, - If you lived within a 100 miles of Chernobyl,April 26th 1986, you would have been evacuated or worse So what do the assurances from government and nuclear power industry spokesmen mean ? - To me it means -increase in nuclear power capacity, -Increase in Risk to people and the environment.

Every nuclear power plant produces nuclear waste,which has to be savely disposed. The question is where.Well Green Peace made a very effective suggestion on the first day of December 1988 See Picture below.

Big Ben reads 8.25, on the first day of December, and activists from Greenpeace and other anti-nuclear groups are in position, chained to a symbolic 12' x 6' waste repository, protesting at the plans to bury radioactive waste in a single national dump. It is no coincidence that the Bill to privatise electricity received its first reading that day in the building behind.

Since many radioactive substances remain radi active for thousands o years,none of the proposed methods sofar can be considered adequate to remain saf during the Halflife of many discarded radioactive substances. (Halflife of a Radioactive substance is th time during whch the radioactivity of a sub stance falls to its original value.

The awsome nuclear risk in the Irish Sea alone, should be warning enough,to halt sea dumping around the British island ,because if we continue, our supply for staple food from the sea,which has served inhabitants of the british Islands so well for millenia,will be denied the inhabitants of these Islands in future, perhaps for ever.Similarly the beaches which have given relaxation to our people and much enjoyment will become danger zones . We will find for our descendants a lifeless sea and poisoned adjacent land,where the rich flora and Fauna enjoyed by our forbearers is no more. Let the Greenpeace Factsheet serveas a warning and press our politicans to work for the people's intrest who elect them.

Even to the environmental apathetic this must make very disturbing reading. When we then have to add, that the area is also used.for Submarine exercises, which has resulted in accidents. In 1986 an american nuclear submarine armed with warheads run aground in the irish sea. It will only be a matter of time before a more serious accident brings deat and destruction into the already blighted area.

Britains nuclear Industry has aquired an almost entire monopoly in reprocessing irradiated fuel at sellafield. After 1992 after the removal of Trade barriers ,Europe's nuclear waste will make its way through our land towards Cumbria,bringing more death and suffering to the people of Cumbria and endangering the life of millions of Briish pec

For the sake of of a safer and environmentally healthier Britain, let the patriotic youth work together with all their contemporaries of good will toward the reduction of nuclear installations, an immediate halt to importing nuclear waste from abroad and Submarine exercises in the irish sea and around the coast of the british islands.

3)To phase in, research and development of alternative promising renewable energy resources,to replace the dangerous nuclear industry here in Britain, in Europe and eventually worldwide..

4)Do not allow multinational corporations ,whose Managing Directors and their Families live thousands of miles away to poison our beautiful land impairing our vitality and that of our offspring as aresult of our land having become polluted by radioactive and other harmfull substances. We owe it to our children and their descendants,to pass on our inherit ted land to them in a healthy state as we received it, that wemust consider as their god given right.

5) We all can do a little within the framework of the law, such as saving fuel in the home and workplace. - Write to your MP and Euro MP or see him/her in the Surgery and express your genuine Concern ,urging him or her to bring about this important change from nuclear to renewable energy sources as quickly as possible, making him/her aware, that all people future depends on,it including his or hers. Remembering that no one was more wrong than he who could do little ,but decided to do nothing. -

GREENPEACE NEEDS YOUR SUPPORT TO PRESS THESE URGENT DEMANDS

If by some miracle all dumping stops tomorrow, it will still take decades to restore the health of the Irish Sea. The heavy metals, the persistent chemicals and the radioactivity will be there for generations. But the sea continues to be abused.

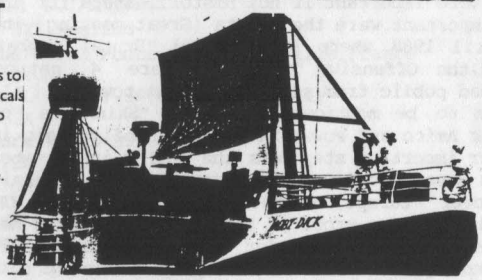
With so many sources of pollution, cleaning the Irish Sea will be a huge task. A challenge that for the sake of our grandchildren we dare not ignore.

Greenpeace has commissioned independent research into fish disease and is conducting seal blubber analysis in the Irish Sea. We are presenting evidence to the international conventions that govern the discharge of industrial wastes into the seas.

Today Greenpeace is promoting these urgent demands:

Radioactive discharges must be ended. Greenpeace is calling for the closure of Sellafield.

Dumping of industrial waste must stop by 31 December 1989, in line with the date for the North Sea.



Sewage sludge dumping must stop.

The Irish Sea must not be designated as a site for waste incineration.

There must be an end to the discharge of persistent chemicals into the

Italian Skinhead Scene

ITALIA

The crowd at a recent Peggior Amico gig.

This editions skinhead scene report comes from Italy (if you hadn't already gathered that from the heading).The scene out there seems to be really big still and it ain't as new to them as it is to some of the other European countries that I have reviewed.
There are a few bands still going from Oi to NS Rock,and gigs aren't that un-common either.

Anyway,Alessio has once again assisted me by penning this article on the Italian scene which I believe is a well written and accurate article.As well as being Last Chances Italian correspondent he also is the writer of Italian language fanzine "Linea Gotica".
I'll let him take it away.....

"The skinhead movement of Italy is quite good,strong and resolute.There is some good bands and the gigs are especially within the past three years.
As years passed interest for the nationalist aims grew more and the ideals that are giving sense are getting stronger.
After a gig in Genova in 1986 where there was fighting amongst skins,several accidents and problems the skinhead movement went into a period of crisis.
But thanks to the pure dedication and effort of a few skinheads the skinhead scene has found a new life even though there are still a few minor divisions or rifts between some people.
From 1987 onwards the V.F.S (Veneto Fronte Skinheads) succeeded in organising a lot of gigs which were important if not historic steps for the movement developing in the peninsula.
Very important were the Adunta (Great meeting) in February 1988,the first Italian RAC gig in April 1988 where French band "Brutal Combat" played with Peggior Amico and Nomina Dresda,the Offensiva Tricolore where 4 nationalist bands played in front of a large skinhead public from several Italian towns and all over Europe.
It has to be mentioned that the "Skinheads Contro La Droga" gig in February 1989 with Peggior Amico and Power Skins was the first gig in Italy dedicated to the drug problem.
Another important step was the RAC 2 in December 1989 in Verona where Peggior Amico,Verde Bianco Rosso and Power Skins gave life to a burning evening in front of 400 skinheads from all over Europe,on that evening the first UK band to descend on Italy "No Remorse" played,they gave proof of their good qualities helped by a very excited crowd.
Another important event for our scene was the Oi festival in Bologna in 1989 where Italian Ska and apolitical Oi bands played.Also in Bologna Klasse Kriminale played with Angelic Upstarts (who disappointed me because of their left wing and Pro SHARP stance),this gig received a large audience too.

The Italian bands are Peggior Amico,a very strongly followed band,at the top of the nationalist scene,Power Skins and Verde Bianco Rosso both good nationalist bands with good technical qualities.
Klasse Kriminale are the top Italian Oi band and there are a lot of new Oi bands that are starting to form.
On the subject of fanzines,there are Linea Gotica (I'm the editor),Kriminal Class,Pramand,Running Riot,Nuovi Orizzonti and maybe a few other new one too.
The important thing is to don't lose the faith,FIGHT FOR TRUTH AND NATION!

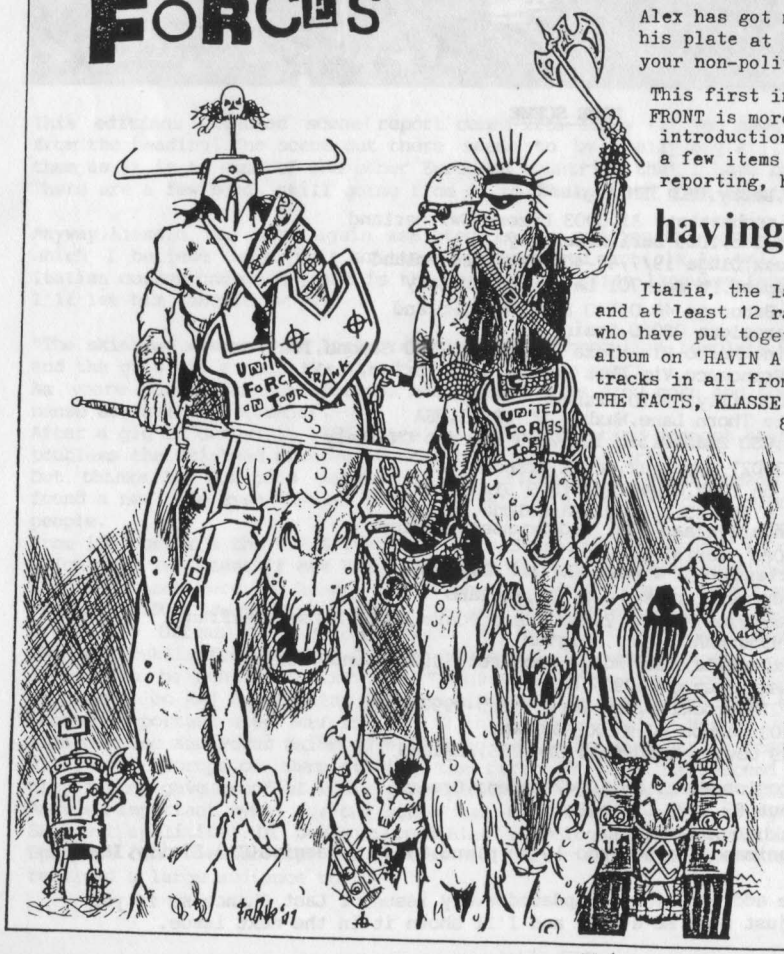
UNITED FORCES ON TOUR



This first installment of UNITED FRONT is more or less, just an introduction, but still theres a few items of interest worth reporting, here we go.....

OI!, WATCH IT!

I was recently contacted by a video firm called RE VISION, their catalogue consisted of some classic punk/oi! tapes including bands such as THE ADICTS, TOY DOLLS, TEST TUBES, 1 WAY SYSTEM, UK.SUBS, THE EXPLOITED and many more. Most of them i've seen & they are pretty good, but the price list is beyond a joke, we're talking about £17+ for a 30 minute tape!. RE-VISION is an off shoot of JETTISOUNDZ video, which is actually a limited company, so we are dealing with "business men" here!. Still, the films are good(mostly) so if you've got that kind of money you might be interested. Contact:

MADE IN WALES...

Sadly underated punk/oi! boys THE ABNORMAL from S.Wales have informed me that they've got a new tape out now. Well thats not entirly true, it is a new tape, but its a comp of their old stuff!. Entitled "THE WORST OF..." it contains 8 of their finest tracks. Lead singer, Nick, asked me to mention that he'd mislain a lot of his 'fan mail' and he'd like anyone whos written but not got an answer, to write again. Contact the band at: 49 NANT-y-FEDW, YNYSBOETH, ABERCYNON, MID GLAMORGAN, SOUTH WALES.

"HOW MAN!"

Boisterous

BOOT-BAIRNS

Geordie 'Erberts BOISTEROUS have just recently released their first demo, & i'll tell you what, it's fucking excellent!!. I'm not kidding, this band are shit hot!. With the band all being proud geordies, they've been termed as the geordie version of oi!, "HOW MAN!" is the translation. Purely in it for the music, this band are not to be ignored. The tape consists of 5 tracks & all are great. If i had to compare BOISTEROUS with any other bands i'd say a cross between CONDEMNED 84 and perhaps VICIOUS RUMOURS, a definite EXPLOITED style punk gets in here too. Its classy stuff, definitly the most promising band so far this year, i expect them to elevate to cult status in no time. I urge all true oisters to get hold off this tape without delay, this band represent everything United Front is all about...cult unity!. Anyway i've decided to distribute the tape via United Front, so if your interested send £2 to my address(price inc postage) and i'll send a copy out to ya, you'd be a mug to miss it!.

"Well then ladies & gentlemen, thats all i've got space for this issue, more of the same next time, providing YOU keep me informed. Who knows, if you lot give me enough information, my tyrant of a boss(Alex) might even let us have a bit more space in future issues?!!. Keep him sweet & we'll see how it goes. Well until the next thrilling installment of UNITED FRONT, STICK TOGETHER & SEE IT THRU!, YOURS FOR THE LOVE OF OI!, (Scott).

STORY SO FAR EXTRA

Well to be quite honest there ain't a hell of a lot more to tell you since I typed the original Story So Far,but there is a few bits and pieces that have come to my attention.
The Klansmen have just finished recording their third LP,I'm not sure on the title of it,but it will be available on Rock O Rama very soon.
Paul Burnley has recorded his solo LP the title has not yet been decided,but what is for sure is that it will not be on Rock O Rama,but on Rebelles Europeens.I've heard it and its really kicking,check out the excellent cover version of the Beastie Boys "Fight for your Rights",its been re-recorded by Paul and aptly renamed "Fight for your White Country".
The next issue of Last chance will set you back £1-00.I know that this is double the normal price,but you will be getting a four track cassette with it (or may be a flexidisc).It hasn't been decided if it will be a Tape or disc but the four bands on it will be, Skullhead,Grade One,Violent Storm and Battle Zone and all four of the songs will be exclusive to this tape and will unavailable anywhere else.
Another new project that we here at Last Chance will be working on is a series of copmpilation LPs,I am working in collaboration with Rebelles Europeens and what the idea is that there will be several volumes of the Last Chance compilation LP on Last Chances own label.
The first volume will feature all British bands and each of the six bands which appear on it will be recording 4 songs,it will be a double LP and should also be released on CD.
Its release won't be till a lot later on this year cos there is a lot of work to be done on getting it ready,but I'll keep you posted on its progress and obviously when it is released it will be available from Last Chance.
The Ovaltinees are hoping to reform ant to record a bit more material, and who knows they may even get round to playing a few gigs.
But to start with the infamous "British Justice" EP of theirs will be re-released.That will either be on Rebelles Europeens,Last Chance records or the new British branch of Rebelles which is in its planning stages.
Thunor Services are still going,there has been a rumour that they have stopped but this is not true,they are definitely still trading and they will have a new catalogue (no.4) out in a couple of weeks.
Thunor asked me to mention this because they didn't manage to get an advert in the latest Blood & Honour in time,so people might think that they weren't going,anyway there new catalogue will be totally updated and will have loads more new exclusive to Thunor items.
